For children in grades 3-7 in 2017

**Discoveries Camp** is a week packed with fantastic activities especially designed for children who will have just completed grades 3-7 in 2017. Trained and experienced leaders will facilitate a program that will keep campers engaged and able to enjoy 6 days of discovery and fun, through learning, making friends, trying new things and worshipping together. Our theme this year is 'Over the Moat – drawbridge to the King' and we will be discovering how heroes of the Bible came to know, trust and love God. We are in for an exciting time, and hope that you can join us in our 27<sup>th</sup> Discoveries Camp!
